Re: Festive Season opening 24th December '21 to the 3rd January '22

As in years past WearCheck is committed to providing service and support during the traditional close down period at the end of the year.

Durban, Cape Town and Johannesburg (Transformer, fuel and water) laboratories

Friday 24th December – Half day opening
 Saturday 25th December – Company closed
 Sunday 26th December – Company closed
 Monday 27th December – Company closed
 Tuesday 28th – Friday 31st December - Normal working days
 Saturday 1st January'22 - Company closed
 Sunday 2nd January'22 – Company closed
 Monday 3rd January'22 – revert to normality

Emergency transformer oil samples can be tested at any time, please contact Pierre Le Roux (Isando).

Johannesburg and Kathu offices

- Our driver will continue to do deliveries and collections where applicable.
- Customer support, sales and a technical consultant will be available.
- Any samples collected or delivered to these offices will be sent to Westway in Durban for analysis.

Middelburg

This laboratory will be closed, however there will be customer support available and any samples delivered before 12:00 will be sent the same day to Westway in Durban for analysis.

Rustenburg

This office will be closed, however any samples deposited in the drop-off box before 13:00 will be sent the same day to Westway in Durban for analysis. Customer Support will also be available telephonically.

RS and AFS

Our AFS and RS teams will continue to be available as per our contracts and there will be continued service support throughout the festive period where it may be required.

All other offices and laboratories will be closed, therefore should you require any assistance please contact customer support at our Johannesburg offices. Samples can be sent to Durban via the usual Post Office Speed Services or via your own courier.

We would like to thank you for your support during the course of the year and wish you all the very best during the Festive Season.

Kind Regards,
The WearCheck Team
